The International Conference of Information Technology & Electrical Engineering -ICITEE2018 will be held during December 7-9th, 2018 in Guangzhou, Guangdong, China. A key aspect of this conference is the strong mixture of academia and industry.

The ICITEE2018 is to bring together innovative academics and industrial experts in the field of Information Technology & Electrical Engineering to a common forum. The primary goal of the conference is to promote research and developmental activities in Information Technology & Electrical Engineering and another goal is to promote scientific information interchange between researchers, developers, engineers, students, and practitioners working all around the world.

All papers, both invited and contributed, will be reviewed by two or three experts from the committees. After a careful reviewing process, all accepted papers of ICITEE2018 will be published in conference proceedings by *ACM International Conference Proceeding Series (ICPS)* which is included in *EI Compendex list*, it will be submitted to ISI Proceedings (ISTP/CPCI), EI Compendex, DBLP, SCOPUS, Google Scholar for indexing.

**Selected excellent 30 papers will be recommended for publication in EI , SCI Journal.**

**The topics of interest include but are not limited to the following areas:**

Software Agent Technology, Middleware Design Techniques, Reliability & Modeling Analysis, e-Government Engineering, Modeling with UML, Cost Modeling and Analysis, Component-Based Software Engineering, Information systems, Management Information Systems, Information systems planning and management, Adoption of information technology in organizations, Human factors in information systems, Knowledge acquisition, expert systems, Biomedical Engineering, Computer and AI Applications in Power Industry, Control Science and Control Engineering, Distributed Generation, Fuel Cells and Renewable Energy Systems, Electric vehicle technologies, Electrotechnologies, High Voltage and Insulation Technology, Modeling of Complex Systems, Optimal Control, Linear Systems, Discrete Event Systems, Adaptive Control, Nonlinear Systems and Control, etc.

### Important Due Dates

Conference Date: December 7-9, 2018  
Submission Due: August 15, 2018

### Paper-Submission

\* Papers must be submitted in WORD and PDF formats.

# About Guangzhou

Guangzhou is located in the center of Guangdong province. She is not only the capital of Guangdong, but also the central city with strong attraction and influence in South China. She has jurisdiction over 10 districts and 2 county-grade cities. They are Yuexiu, Haizhu, Liwan, Tianhe, Baiyun, Huangpu, Huadu, Panyu, Luogang, Nansha Districts, and Conghua, Zengcheng Cities. Guangzhou covers an area of 7434.4 km<sup>2</sup> and has a total population of some 10,000,000. Affected by the subtropical marine monsoon climate, Guangzhou is green and has flowers all the year around, and is known as “the Flower City”.

Guangzhou was known as one of the starts of the ancient Marine Silk Road of China and one of the sources of modern China revolution. Now she has become the frontline of the reform and opening-up of China. She has been making brilliant achievements in developing economy and improving urban aspects. Guangzhou, one of the important ports of foreign trade and financial centers, has become the focus of foreign investment. She is also an important hub of sea, land, and air transportation. Several expressways radiate from here. Guangzhou Port, Guangzhou Railway Station and Baiyun International Airport are always busy. Guangzhou is the paradise of sightseeing, dining and shopping. There are many beautiful and attractive scenic spots; such as Chen Clan Temple, Baomo Garden, Guangxiao Temple, Zhehai Tower, Original Site of Huangpu Military Academy, the White Cloud Mountain, Xiangjiang Safari Park, Sunflower Gardens, Guangdong Olympic Sports Center, Nightscape along the Pearl River, and Metro, etc. You can have authentic Cantonese food and many kinds of foreign food everywhere. You can also buy inexpensive but elegant goods. Guangzhou, the wonderful and ardent city, is holding out her friendly hands. Welcome to Guangzhou.
